NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1982*.

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié 1. L'article 17 de la Charte canadienne des droits et libertés est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature de
l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

- b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms. Bryden*—Resolution—That in the light of the *Nelles* case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:
- Life, liberty, security of person and enjoyment of property
7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

703. *Mr. Di Santo*—Enquiry of the Ministry—Will the Attorney General table the annual remuneration for Dr. Hillsdon Smith, Chief Forensic Pathologist, from the time of his hiring up to and including his 1983 wages. *February 8th, 1983.*
704. *Mr. Martel*—Enquiry of the Ministry—Will the Minister of Labour indicate whether or not a woman bartender, who is left alone to work from 12.15 p.m. to 1.00 a.m. in a bar, with no back-up staff person in the case of customer violence, who must then court the day revenues, empty the bar of customers and lock up by herself, has the right to refuse this unsafe work under Section 23 of the Occupational Health and Safety Act. Has the Minister ever made an interpretation contrary to this right and, if so, will the Minister table the interpretation of the case, and say how a worker in a similar situation can protect her safety. *February 10th, 1983.*

To be debated Thursday, February 24th, 1983.

Ballot Item No. 33

Mr. Dean—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme. To be debated Thursday, February 24th, 1983.

Ballot Item No. 34

Second Reading Bill 202, An Act to amend the Consumer Protection Act. *Mr. Newman. To be debated Thursday, March 3rd, 1983.*

Ballot Item No. 35

Mr. Kolyn—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective. To be debated Thursday, March 3rd, 1983.

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1982*.

*M. Roy—Résolution—*Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would:
(a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre 4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:
- | | |
|---|---|
| Life, liberty,
security of
person and
enjoyment
of property | 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice. |

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the "Child Rearing Drop Out Provision" to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis" and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence according to an Order of the House passed on
December 18th, 1981)*

Ballot Item No. 30

Second Reading Bill 48, An Act to amend the Legislative Assembly Act. Mr. Ruston. To be debated Thursday, February 24th, 1983.

Ballot Item No. 31

Mr. Lane—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations. To be debated Thursday, February 24th, 1983.

Ballot Item No. 32

Mr. Peterson—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the "Child Rearing Drop Out Provision" to the C.P.P. To be debated Thursday, March 3rd, 1983.

Ballot Item No. 33

Mr. Dean—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme. To be debated Thursday, March 3rd, 1983.

Ballot Item No. 34

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.

9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.

10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.

14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.

15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.

20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.
3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.
4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.
5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.
7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence according to an Order of the House passed on
December 18th, 1981)*

Ballot Item No. 30

Second Reading Bill 48, An Act to amend the Legislative Assembly Act. Mr. Ruston. To be debated Thursday, February 24th, 1983.

Ballot Item No. 31

Mr. Lane—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations. To be debated Thursday, February 24th, 1983.

Ballot Item No. 32

Mr. Peterson—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the "Child Rearing Drop Out Provision" to the C.P.P. To be debated Thursday, March 3rd, 1983.

Ballot Item No. 33

Mr. Dean—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme. To be debated Thursday, March 3rd, 1983.

Ballot Item No. 34

Second Reading Bill 202, An Act to amend the Consumer Protection Act. *Mr. Newman. To be debated Thursday, March 10th, 1983.*

Ballot Item No. 35

Mr. Kolyn—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective. To be debated Thursday, March 10th, 1983.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

- | | |
|-----------------------|--|
| Article 17
modifié | 1. L'article 17 de la Charte canadienne des droits et libertés est modifié par l'adjonction du paragraphe suivant: |
| | (3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario. |

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature de
l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communica-
tions
entre les
administrés et
les institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

- a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;
- b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

- 21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
- 30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
- 31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
- 32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

52. *Mr. Swart*—Resolution—That, in the opinion of this House, the Government should amend the Conservation Authorities Act and the Planning Act so that flood plain mapping, including fill lines, will be considered a restricted land use and be subject to all provisions of the Planning Act. Specifically, the present authority of the Ministry of Natural Resources to designate the flood plain area by regulation should be withdrawn and, instead, flood plain mapping should be a recommendation only for inclusion in municipal official plans and/or zoning by-laws.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart—Resolution—*That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart—Resolution—*That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart—Resolution—*That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart—Resolution—*That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell—Resolution—*That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy—Resolution—*That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

52. *Mr. Swart*—Resolution—That, in the opinion of this House, the Government should amend the Conservation Authorities Act and the Planning Act so that flood plain mapping, including fill lines, will be considered a restricted land use and be subject to all provisions of the Planning Act. Specifically, the present authority of the Ministry of Natural Resources to designate the flood plain area by regulation should be withdrawn and, instead, flood plain mapping should be a recommendation only for inclusion in municipal official plans and/or zoning by-laws.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence according to an Order of the House passed on
December 18th, 1981)*

Ballot Item No. 30

Second Reading Bill 48, An Act to amend the Legislative Assembly Act. Mr. Ruston. To be debated Thursday, February 24th, 1983.

Ballot Item No. 31

Mr. Lane—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations. To be debated Thursday, February 24th, 1983.

Ballot Item No. 32

Mr. Peterson—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the "Child Rearing Drop Out Provision" to the C.P.P. To be debated Thursday, March 3rd, 1983.

Ballot Item No. 33

Mr. Dean—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme. To be debated Thursday, March 3rd, 1983.

Ballot Item No. 34

Second Reading Bill 202, An Act to amend the Consumer Protection Act. *Mr. Newman. To be debated Thursday, March 10th, 1983.*

Ballot Item No. 35

Mr. Kolyn—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective. To be debated Thursday, March 10th, 1983.

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:
- | | |
|---|---|
| Life, liberty,
security of
person and
enjoyment
of property | 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice. |
|---|---|
- and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

52. *Mr. Swart*—Resolution—That, in the opinion of this House, the Government should amend the Conservation Authorities Act and the Planning Act so that flood plain mapping, including fill lines, will be considered a restricted land use and be subject to all provisions of the Planning Act. Specifically, the present authority of the Ministry of Natural Resources to designate the flood plain area by regulation should be withdrawn and, instead, flood plain mapping should be a recommendation only for inclusion in municipal official plans and/or zoning by-laws.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence according to an Order of the House passed on
December 18th, 1981)*

Ballot Item No. 30

Second Reading Bill 48, An Act to amend the Legislative Assembly Act. Mr. Ruston. To be debated Thursday, February 24th, 1983.

Ballot Item No. 31

Mr. Lane—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations. To be debated Thursday, February 24th, 1983.

Ballot Item No. 32

Mr. Peterson—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the "Child Rearing Drop Out Provision" to the C.P.P. To be debated Thursday, March 3rd, 1983.

Ballot Item No. 33

Mr. Dean—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme. To be debated Thursday, March 3rd, 1983.

Ballot Item No. 34

Second Reading Bill 202, An Act to amend the Consumer Protection Act. *Mr. Newman. To be debated Thursday, March 10th, 1983.*

Ballot Item No. 35

Mr. Kolyn—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective. To be debated Thursday, March 10th, 1983.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.
9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.
10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.
14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.
15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.
20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

M. Roy—Résolution—Etant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

- 21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
- 30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
- 31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
- 32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms. Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:
- | | |
|---|---|
| Life, liberty,
security of
person and
enjoyment
of property | 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice. |
|---|---|

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the “Child Rearing Drop Out Provision” to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled “Ethical Reflections on the Economic Crisis” and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

52. *Mr. Swart*—Resolution—That, in the opinion of this House, the Government should amend the Conservation Authorities Act and the Planning Act so that flood plain mapping, including fill lines, will be considered a restricted land use and be subject to all provisions of the Planning Act. Specifically, the present authority of the Ministry of Natural Resources to designate the flood plain area by regulation should be withdrawn and, instead, flood plain mapping should be a recommendation only for inclusion in municipal official plans and/or zoning by-laws.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Ms. Bryden*—Resolution—That in the opinion of this House the government should establish an all-party committee to study ways of dealing with violence in the family and in particular the following matters: (1) preventative educational programs; (2) the establishment and funding of transition houses; (3) the adequacy of health, welfare and counselling services available to the victims of family violence; and (4) the need for revised legislation and changes in police and court procedures to protect battered spouses.

3. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government should ensure that the following principles are adopted in all rental housing projects which the Ontario Housing Corporation owns or administers: 1. rents shall be geared to net, rather than gross family income, taking into account income tax and other mandatory payroll deductions as well as the cost of basic food and clothing in light of the size of the household; 2. rents shall be adjusted for the duration of any lockout or legal strike to reflect any change in actual net family income, and no recovery of the amounts by which rents are thus reduced shall be made after the labour dispute is settled.

4. *Ms. Bryden*—Resolution—That in view of the necessity of extending to the municipal field the principles of disclosure and limitations on contributions and expenditures contained in the provincial *Election Finances Reform Act, 1975*, this House directs the government to bring in legislation applicable to candidates covered by the *Municipal Elections Act* embodying the general principles of the provincial Act but also including specific limits on all expenditures by a candidate related to an election.

5. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) the formation of a separate branch or division with registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) application to all industries and all franchises within each industry; (4) the franchisee to have a four-day cooling off period; (5) prohibition against dealing in franchises except as provided; (6) the administrators of the Act to have the authority to discourage; (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; (e) competitive and discriminatory practices by franchisors.

7. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further,

take immediate steps to reduce the assessed value of such houses proportionate to the reduction of their market value due to the UFFI as the Minister is required to do under the Assessment Act.

8. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs and Housing should take action immediately to amend the *Municipal Act* so that municipalities would license all contractors engaged in the removal of UFFI. Further, the Minister should develop licensing guidelines and urge all municipalities to use them.

9. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Health should immediately establish a medical task force to examine, analyze, and document the health of those people reporting serious health problems which appear to be caused or triggered by UFFI. The study should include the long-term effects of exposure to UFFI.

10. *Mr. Swart*—Resolution—That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925/75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. The amendment should provide for adequate inspecting and testing for formaldehyde gas after removal of the UFFI and prior to retrofitting. Further, guidelines for removal of the UFFI, inspecting and testing of the buildings and subsequent certification, should be prepared and forwarded to all municipalities.

14. *Mr. Swart*—Resolution—That, in the opinion of this House, the government should amend the *Retail Sales Tax Act* and regulations to eliminate the practice of repeated taxation of a single item by providing that retail sales tax will not be payable upon the resale of a used item.

15. *Mr. Riddell*—Resolution—That in the opinion of this House, and as a result of the failure of the Provincial Agricultural Code of Practice to protect farmers carrying on normal farming practices from harassment and restrictions, and as a result of the failure of the Food Land Guidelines to preserve agricultural land, the Government should introduce an Agricultural Development and Protection Act to serve as a Farmers' Bill of Rights, which would: (a) Conserve, protect and encourage the development and improvement of agricultural land for the production of food and other agricultural products including alternate energy production through the establishment of Agricultural Reserves; (b) Protect farmers from harassment and complaints from no-farm encroachment into farming areas; and (c) Establish an Agricultural Approvals Board to investigate complaints and make recommendations to the Minister of Agriculture and Food.

20. *Mr. Roy*—Resolution—That, as section 43 of the Constitution Act, 1982 provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons and the Legislative Assembly of Ontario, this House hereby authorizes that the Canadian Charter of Rights be amended by

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1982.*

- 21. *Mr. Breithaupt*—Resolution—That, in the opinion of this House, upon the issuance of a Writ of Election, and until a new Government is sworn in by the Lieutenant Governor, no report, position paper, memorandum or any other document paid for from public funds or prepared by any person paid from public funds may be removed from government files, disposed of or destroyed.
- 30. *Mr. Shymko*—Resolution—That, in the opinion of this House television coverage by accredited members of the Press Gallery and recognized national, local and cable television companies be permitted in the Chamber at all times during the sittings of the House.
- 31. *Mrs. Scrivener*—Resolution—That this House recommends that the Government of Ontario take steps to ensure that persons who are substantially exonerated of charges laid against them under the Criminal Code, whether upon a preliminary inquiry as was the case with Susan Nelles, or after a trial, be compensated for their legal expenses.
- 32. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government should take immediate steps to prohibit the use by employers of polygraph tests which are in any way related to terms of employment or applications for employment, including: (a) screening job applicants; (b) screening employees for promotion; (c) determining the honesty of employees or applicants; and (d) obtaining personal information from employees or applicants.

33. *Ms Bryden*—Resolution—That in the light of the Nelles case and in light of the other reported cases where persons were incarcerated for long periods and subsequently found not guilty or have had the charges against them withdrawn or proceedings stayed or a conviction set aside because of new evidence, this House urges the Government to develop a system of compensation for persons who suffer substantial financial losses through injustices arising from the workings of the judicial system; and further, that, the Government refer the question to the Ontario Law Reform Commission for study and development of a draft bill to be presented to the Legislature for the next session.
34. *Mr. Kennedy*—Resolution—That, in the opinion of this House, the Government of Ontario should establish a program to provide compensation to individuals who have been charged with an offence under the laws of Canada or Ontario and who are subsequently discharged or found not guilty whether at a preliminary hearing, at trial or on appeal and who, as a result of the charge and related legal proceedings, have incurred substantial legal costs or suffered substantial loss of reputation or economic losses. The program should be administered by the Criminal Injuries Compensation Board or a similar Board. The administering Board should be given the discretion to decide whether any compensation should be awarded, having regard to all of the circumstances. And, that, this House also recommends that the Government of Ontario should request that the Government of Canada amend the laws of Canada to provide for contributions by the Government of Canada to any fund established for the purposes of the program and provide statutory authority under the *Criminal Code* (Canada) to permit a court at a preliminary hearing, at trial or on appeal, to recommend whether or not the case is an appropriate case for referral to the administering Board and the Government of Ontario should introduce similar amendments to the laws of Ontario.
35. *Mr. Di Santo*—Resolution—That, in the opinion of this House, the Government should amend the *Retail Sales Tax Act* so as to exempt purchasers from retail sales taxes on goods sold by manufacturers whose annual sales do not exceed \$50,000. This would correspond to similar provisions contained in the regulations made under the *Excise Tax Act* (Canada).
39. *Mr. Epp*—Resolution—Whereas the *Constitution Act, 1982*, provides that certain amendments to the Constitution of Canada may be made by proclamation issued by the Governor General under the Great Seal of Canada upon the authorization of resolutions of the Senate and House of Commons and of the legislative assemblies of the provinces; Now therefore this House authorizes a proclamation to be issued by the Governor General under the Great Seal of Canada, amending section 7 of the *Canadian Charter of Rights and Freedoms* to read as follows:

Life, liberty,
security of
person and
enjoyment
of property

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice.

and urges that the Senate and House of Commons and the legislative assemblies of the other provinces do likewise.

41. *Mr. Van Horne*—Resolution—That this Assembly instruct the Provincial Auditor to perform a comprehensive audit including a program of evaluation of the functions and administration of the Ombudsman's office.
42. *Mr. Philip*—Resolution—That, this House condemns the closure of the CAMCO plant in Weston, probably the most modern in the CAMCO chain, and its relocation in Hamilton, which now appears certain, despite the notification by the Union to the Company that it will oppose this closure by every means possible; particularly in view of the fact that the Government of Canada is giving CAMCO \$2,000,000 to \$5,000,000 in grants for the move to Hamilton; and that the Government of Ontario demand that the Federal Government block these grants and make every possible effort to protect the approximately 700 jobs involved in the closure and ask CAMCO to appear before a Committee of the Legislature to justify the closure.
43. *Mr. Kolyn*—Resolution—That, in view of the increasing efficiency and economy of converting to alternative energy fuels in motor vehicles, and as a further example of the Government's leadership role in stimulating interest in and appreciation for energy conservation, this House urges the Government to consider implementation of an alternative energy conversion programme for all Government vehicles, where such conversion is possible and financially cost effective.
44. *Mr. Lane*—Resolution—That, this House acknowledges the outstanding contribution of the seasonal resort and tourist industry to the economy of Ontario, in particular, the significant economic contribution of small operators and family run businesses. Further, that this House recognizes that seasonal resorts and tourism operations pay business taxes for the whole of the year yet they operate for only part of the year; and that, in order to sustain small seasonal tourist businesses in Northern Ontario and encourage them to take advantage of opportunities for further development and expand capacities for additional employment, this House recommends that the Minister of Revenue review the application of business taxes to the owners of these properties so as to minimize the impact of these taxes on their seasonal operations.
46. *Mr. Dean*—Resolution—That, in the opinion of this House, and acknowledging the increased economic hardships facing the people of Hamilton-Wentworth and of other parts of Ontario, arising from the depressed outlook for the steel industry, the Minister of Industry and Trade should: (a) immediately organize a regional manufacturing show in Hamilton to provide a forum for local manufacturers to display items which they import at present and to create an avenue for mutual interchange of product need and manufacturing capability; (b) maximize industrial development opportunities, particularly in import replacement given the high degree of imports of machinery and equipment, in respect to major projects in the oil and gas sector with a view to joint ventures, licensing, and acquisition of new technology to enable Ontario to broaden its industrial base; and (c) pursue discussions with the Government of Canada to ensure that Ontario receives a fair share of contracts from the frigate programme.

48. *Mr. Peterson*—Resolution—That, in the opinion of this House, the Government move without further delay to deal with the immediate and urgent needs of senior citizens, particularly the single elderly, by increasing the level of GAINS payment to bring their incomes up to at least 60% of the income level of a married couple in order that they might better be able to maintain a more adequate standard of living and thus a more dignified lifestyle, and implement other much needed reforms to our pension system, including dropping its veto of the "Child Rearing Drop Out Provision" to the C.P.P.
49. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the issue of deinstitutionalization of the developmentally handicapped, and specifically the proposed closings of institutions in Brockville, Goderich, St. Thomas, Whitby, Cobourg and Aurora, be referred to an all-party committee which shall hold public hearings in the localities affected and at the Legislature before any closings are initiated in order to: (1) examine the specific plans for alternative community based accommodation and support services for the affected residents; (2) assure all interested parties that there will be no deterioration in the quality of care for the residents of the institutions; and (3) ensure that the specially trained workers now employed in the institutions not be lost to the care system in any deinstitutionalization programme.
51. *Mr. Allen*—Resolution—That this House endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis" and urges the Government of Ontario and the Government of Canada to proceed, immediately, with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) Unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis. The fact that some 1.5 million people are jobless constitutes a serious moral as well as economic crisis in this country. While efforts should continually be made to curb wasteful spending, it is imperative that primary emphasis be placed on combating unemployment. (2) An industrial strategy should be developed to create permanent and meaningful jobs for people in local communities. To be effective, such a strategy should be designed to both national and regional levels. It should include emphasis on increased production, creation of new labour intensive industries for basic needs and measures to ensure job security for workers. (3) A more balanced and equitable program should be developed for reducing and stemming the rate of inflation. This requires shifting the burden for wage controls to upper income earners and introducing controls on prices and new forms of taxes on investment income (e.g., dividends, interest). (4) Greater emphasis should be given to the goal of social responsibility in the current recession. This means that every effort must be made to curtail cut-backs in social services, maintain adequate health care and social security benefits, and above all, guarantee special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs. (5) Labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires the restoration of collective bargaining rights where they have been suspended, collaboration between unions and the

unemployed and unorganized workers, and assurances that labour unions will have an effective role in developing economic policies. It also requires immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision making and ownership.

52. *Mr. Swart*—Resolution—That, in the opinion of this House, the Government should amend the Conservation Authorities Act and the Planning Act so that flood plain mapping, including fill lines, will be considered a restricted land use and be subject to all provisions of the Planning Act. Specifically, the present authority of the Ministry of Natural Resources to designate the flood plain area by regulation should be withdrawn and, instead, flood plain mapping should be a recommendation only for inclusion in municipal official plans and/or zoning by-laws.
